**HECTOR, SON IN THE LORD FROM SEVERAL MONTHS AGO**

**Dear Friends and loved ones,**

**Let me explain why Judy and I are so highly motivated to do so much in the shortest period of time. Three years ago I made a pact with my heavenly Father. I asked him to give me five years of ministry where I could be used of Him. God has not only honored my prayer but through two surgeries has allowed me to learn to live with my pain - more than two years without any morphine. Less than two years remain and we are compelled by His Spirit to use every minute we have for His glory.**

**When we arrived home three days ago, we were both sick. Judy developed flank pain and stayed in the hotel many days while I traveled around the country holding seminars. Today she had a contrast cat-scan and we will know the results very soon. Would you believe that eating in a Guatemalan Burger King, I developed a stomach infection. After a round of antibiotics, I finally have some relief, however, yesterday we had a yellow fever shot (now required in certain countries) and today we have had a bad reaction. God continues to use our pain and physical problems to keep us broken and useable.**

It seems almost unbelievable, but on each and every trip, God uses us in different and tremendous ways. We have now held our 9<sup>th</sup> pastors seminar in Guatemala, a country where we love people that love our Lord. We are grateful to God for the way He continues to use us mightily.

Our faith continues to grow that a genuine revival is about to begin in Guatemala. There is a real hunger for messages on how to know the presence of the Lord. The Christians there are aware of the violence and sin in their nation and they also know that their country needs a visit from God. Prayer groups for revival are developing throughout the country. We continue to receive invitations for more seminars.

**PLEASE JOIN GUATEMALAN BELIEVERS IN PRAYING FOR REVIVAL IN THEIR COUNTRY WHICH WILL THEN SPREAD THROUGHOUT LATIN AMERICA.**

We are praying for Judy's complete recovery and for time for much needed study and prayer before we leave on May 6<sup>th</sup> for a three-week trip, including a very important series of meetings in Lima, Peru. We then fly back to Guatemala for many meetings. In Quezaltenango, Huehuetenango, and Tiquisate we will hold 4-hour pastors seminars in the morning and a 2-hour night meeting for every Christian in each of these cities. It will have to be in God's strength that I preach 6 hours each day, three days in a row, with only one day of rest in between.

## **PRAYER NEEDS**

- 1) Revival to begin in Guatemala, Peru, Venezuela, or Nicaragua.
- 2) For Rigo and his evangelistic meetings this weekend and next
- 3) Judy's health
- 4) For God's Holy Spirit to use us beyond our strength, ability, and knowledge
- 5) Much needed funds for travel expenses.
