

**SEE BELOW THE THREE PICTURES FROM YEARS GONE BY**

Dear friends and loved ones,

Forty years ago last week (26 April) we first arrived in Costa Rica. God blessed our ministry with tremendous blessings. Even though we slept on the floor for more than two months and did not have a stove or refrigerator for weeks, God gave us peace and true purpose of life. In our first two years of ministry we saw more than 5,000 trust Christ as their Saviour. At 69 God is not through we either of us.

In three days we leave for a 21 day trip to Peru, Guatemala, and Texas.

People in Lima believe that the series of meetings we will be a part of will have a great impact on their country. PLEASE PRAY

Returning on an all night flight from Peru, we arrive back in to Guatemala. We will hold three large pastor's seminars, each preceded by a two hour evening service in a large church for all believers in each region. These seminars will be in three remote areas of the country, reaching many pastors and people who are often ignored. Our belief is that when revival begins in Guatemala it will begin with rural people of great faith, who have not learned to trust in the things of this world.

**PRAY THAT GOD WILL SEND REVIVAL TO AT LEAST ONE LATIN AMERICAN COUNTRY.**

Judy has recovered completely from a kidney stone and after two rounds of antibiotics I have recovered from a stomach infection.

We are on God's time table and will continue reaching pastors and lay people with the message of holiness, prayer and revival until HE sends a true Holy Spirit revival to one or more countries. God continues to

increase our faith and we believe HE will honor our commitment by allowing us to see what few living people have ever seen, the presence of the Lord over a nation.

There are only a handful of people who are underwriting our ministry, and we leave on this trip not knowing if there will be funds available to cover all of our travel expenses.

To save added expense we booked our 7 hour flight to Lima in coach. For many this is no problem, but for us it means agonizing pain.

We will again travel by car up mountain roads to hold seminars for more than 500 pastors and an additional 300 Christian leaders.

By faith we have ordered 500 sets (1,000 DVD's) of our recorded pastors seminar so we can give each pastor his on video of the seminar to show to his church and share with other pastors.

No melodrama intended but we believe this trip will be used of GOD in ways we have never seen. PLEASE PRAY

- 1) Pray that GOD will send revival to a country so that millions will come to CHRIST.
- 2) Pray for us to have strength and minimal pain.
- 3) Pray for GOD to use us for HIS glory and for us to not try to share the glory with HIM.
- 4) Pray that HE will lead some to stand with us financially

My purpose in telling you the above is simple, we go because God has told us to go, we go despite the price we pay physically, and we go depending on your intercessory prayer and your financial support.

Yours in HIS service,  
Charles and Judy Moore and Rigoberto and Laura Vega
