Dear Prayer Partners, Loved Ones, and Friends,

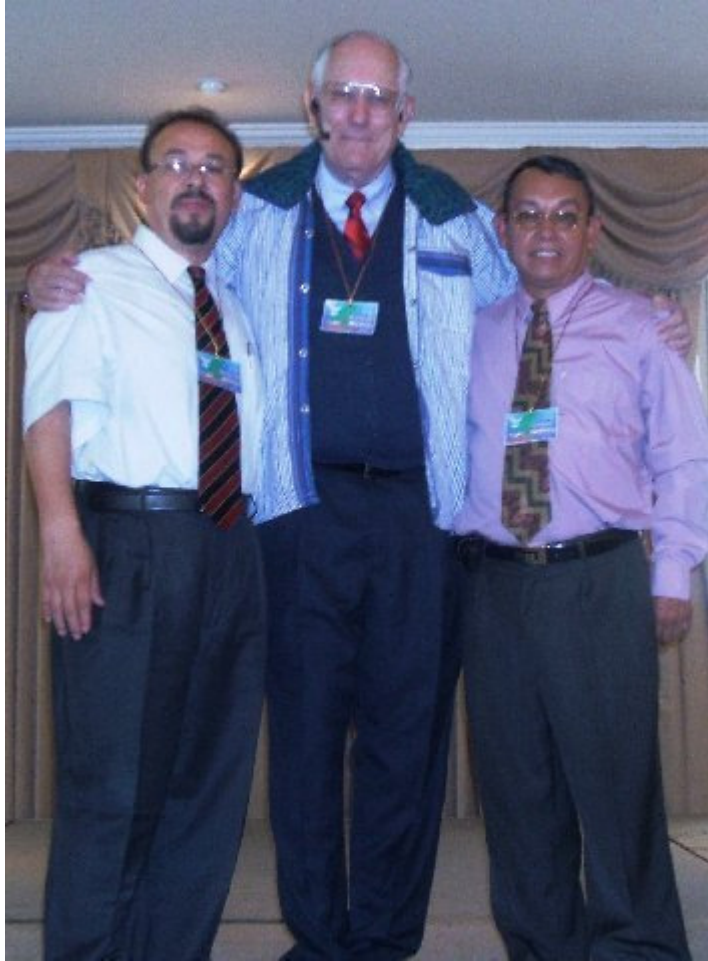

This was by far our most physically demanding trip and the trip that was most blessed. Twenty-three hours of teaching and preaching in a seven day period. There were two several hour services where no one wanted to leave when we finished. God blessed so many and so much.

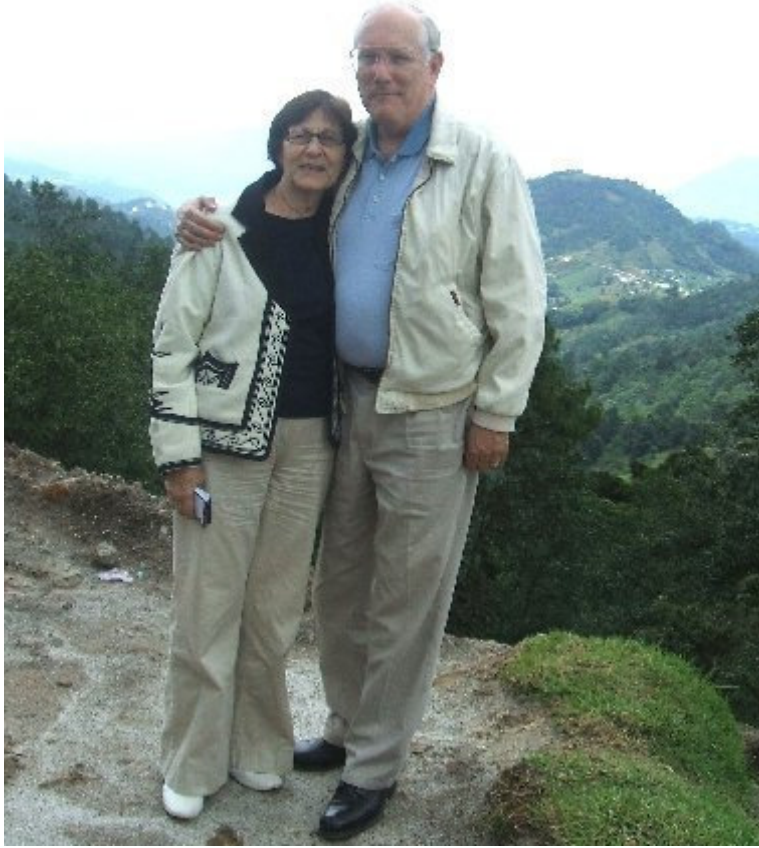

Speaking to more than 400 pastors for three uninterrupted hours in Huehuetenango, Guatemala

Mam pastors in native dress, men who love the Lord and pay a price to serve Him

Denominational leaders who presented me with a "Mam" shirt

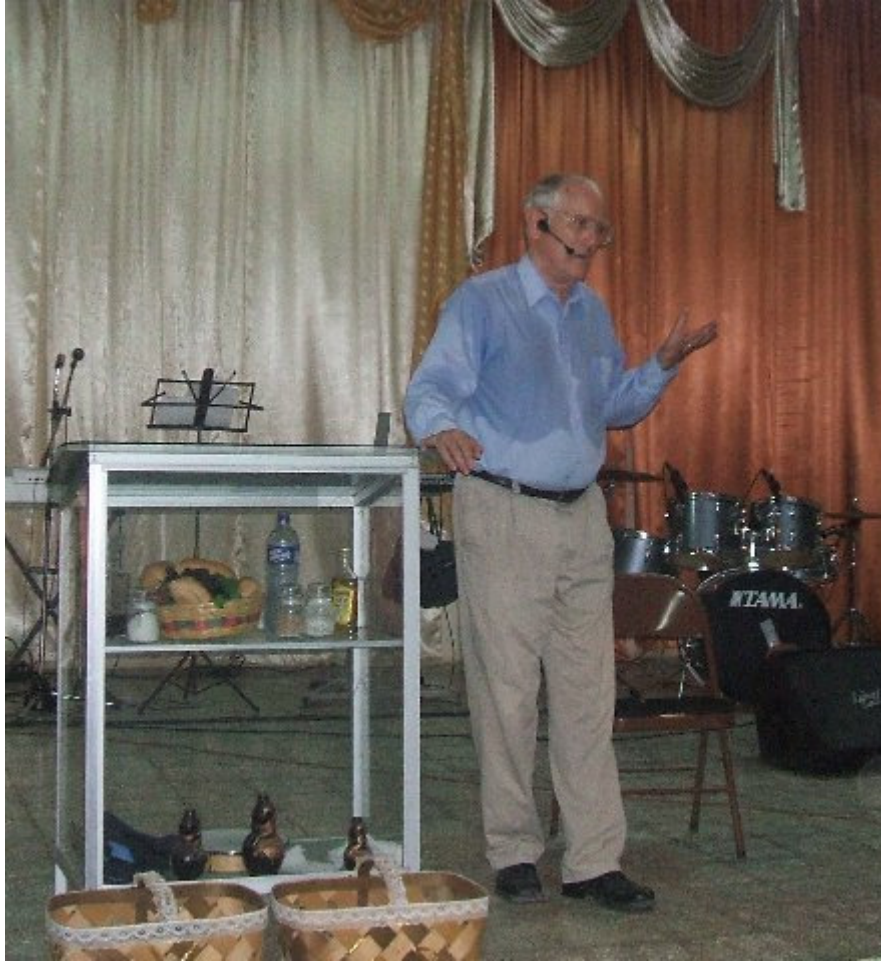

On a mountain in our much loved Guatemala

Talanga, Honduras, rider of horse is inside buying seed for his finca

Dear Honduras pastor talking to Judy beside two oxen

98 degree heat preaching in Choluteca, Honduras.

Christian woman making tortillas for our lunch in Patzizia, Guate

Ladies in Huehuetenango, Guatemala who love the Lord and greatly blessed Judy.

Dear pastor friends in Juarez, Mexico, the city where 50 years ago I preached my first sermon

Dear Prayer Partners, Loved Ones, and Friends,

In the last 13 months we have traveled over 180,000 miles by airplane and have taught seminars and preached in 10 countries to nearly 70,000 pastors, leaders, and church members.

We are often asked why do you push yourselves and some wonder why our seminar and ministry is important in Latin America. God has called us to redeem the days we have left on this earth by teaching others that true love for Christ requires us to present our lives as a sacrifice, holy acceptable unto Him, and to develop a genuine prayer life (time of talking to God). If the church and especially its pastors are going to see all of Latin America

won to Christ they must first love the Lord with all their hearts, minds, and soul. This is His message that we are preaching to all of Latin America.

For this trip we purchased our airplane tickets with our daughter and son in laws American Express credit card. Always in the past our ministry had the funds before tickets were purchased, however this time we had to start on this trip without money to repay our children. It is alright for Judy and me to suffer need but not for our children to lose their credit rating for our steps of faith. We will not travel again without tickets already paid for! This has already caused us to not take invitations for seminars in three countries.

We are grateful for those who pray for us daily and for those who have graciously given to allow us to fulfill God's call on our lives. Please pray that in the next 5 days God will provide necessary funds to pay their American Express credit card balance.

Judy suggested that I send you this message we sent to our family while we were preparing to leave Guatemala for Juarez, Mexico

We are in Guatemala City after painful 5 hour trip down mountain from Huehuetenango. The last two days have seemed to us to be the most blessed time of all of our travels. 10 hours of preaching in two days to fantastic people who would not let us go. When we were not preaching we were answering questions and sharing with Huehuetecos. Your Mother was used like never before and we had people at our hotel until late at night and then early in the morning saying goodbye to us. We left part of our hearts in Huehuetenango. Last night the church was packed after the two previous services and no one, no one wanted to leave their seats when I finished and prayed. It is always the most awesome feeling to see people fall in love with the Lord ,cry because of wanting to know Him more. Enough, this is hard for me to write.
