Judy and I are at a more exciting point than ever in the ministry that God has given us. We have an ever increasing number of opportunities to speak to an ever increasing numbers of Pastors.

Returning from our last trip to Latin America, we thought maybe God had planned to make it our last trip. Severely limited by resources to pay for costly air fare and both of us fighting stomach parasites, brought us to our knees to seek to understand if GOD was saying something different to us. HE reminded us that with every trip the fruit from our ministry increases greatly. We came to the conclusion HE was making us take some time off to allow our 69-year-old bodies to recover a bit from the travel of more than 180,000 air miles in 17 months and from speaking to more than 70,000 pastors and leaders in 11 countries.

When it is God who begins a ministry, it is God who will see that the ministry is able to function and bear fruit (Phil 2:13). We now have funds to hold seminars in three countries and praise the Lord, yesterday Judy received a clean bill of health.

Can you believe that less than three years ago I was taking 360 milligrams of morphine daily and in a 6 month period I had been in an emergency room 37 times just to stay alive? But can you also believe that a month ago God used me to preach 23 hours in 7 days in two countries and 5 cities using no pain medicine. Much of my pain is still there but I continue to claim "I can do all things through (my) Christ Jesus who strengthens me". Philippians 4:13

This Monday (8th) we leave for El Paso and Juarez, Mexico. We will hold three pastors seminars on both sides of the Rio Grande and preach several times. Our travel expenses are being paid by the City of El Paso, because I have been invited to be the speaker at the 80th Anniversary of the El Paso International Airport.

On the first of October we will travel to Costa Rica to hold 4 pastors seminars before we stop briefly in Nicaragua and then on to Guatemala where we will help finalize plans for a very large meeting in the gymnasium of Huehuetenango. We are praying about holding several other large meetings (5-10,000) in Guatemala.

We continue to believe that God is about to send a great revival to Guatemala, one that will have an impact on all of Latin America and conceivably the United States.

Three very special men greatly blessed my Christian life. Each of these men, helped develop my ministry so I could be used of the Lord.

Dr Cal Guy (our middle son Cal is his namesake), Dr L. Nelson Bell (Billy Graham's father-in-law) and Ron Dunn (who taught me how to pray) were men of God. These three dear friends and mentors are with my Lord and one day soon I will be with them at our Saviour's feet where for the first ten thousand years, together we will sing "Glory, Glory, Glory...."

Before we began our ministry I called “Dr Guy”, who in his 80’s had made numerous trips half way around the world to minister to the pastors of Bangladesh. When I finished describing what God was leading me to do, he said “Charles your vision is too small”. I had just told him about trying to reach all of Latin America and he chided me to lift my eyes to other continents that need the same message. We have invitations to hold seminars in several countries in Africa, Europe, and Asia but for now HE has us only in Latin America. I will not however forget Dr. Guy’s exhortation should the Lord see fit to keep me on this earth.

Dr. Guy, on the field, in his missions classroom and in the pulpit always challenged me to preach only Jesus and to keep the message straight from the word. He was my mentor, our pastor, our seminary professor, and our dear friend.

Today we received a letter from Lynette and Ray, Dr Guy’s daughter and son. We knew them well when they were teenagers in the little country church that their father pastored. They wrote that they knew that if their father were here he would have tried to assist us in our ministries time of need. For that reason they decided to send from his estate, support for our ministry. We are grateful for their honoring our ministry with support from their father’s estate. Thank you Father for wonderful memories of a man who loved you and your word.

Prayer partners, a letter is forth coming. If you are not a "Prayer Partner" and would like to receive our prayer letter drop us a note at mocb@aol.com.

With a grateful heart we are,
