Dear Prayer Partners, Friends, and Loved Ones,

Some have asked, "Why do Charles and Judy endure the physical problems of long and exhausting trips to Latin America?"

Forty years ago we arrived in San Jose, Costa Rica, believing that we were going to win all of Latin America to Christ. As we approach 70 we still believe that HE will use this same desire for HIS honor and glory.

Three years and three months ago, we made a five year pact with God. I asked God to use me to impact Latin America for Christ; I was then taking 360 milligrams of morphine a day and had been in an emergency room 37 times in six months. Both God and I have kept our parts of this pact. We have 15 months left in that pact and for that reason we are exerting every effort to redeem every moment of time we have left.

Let me repeat again what God has done in our lives in the last year and nine months. We have challenged more than 70,000 Latin American pastors and leaders to live lives of holiness and prayer. The purpose of our challenge is to see these leaders win their countries to Christ.

God is my witness; there is not another person on this earth who wants to win all of Latin America to Christ more than this "gringo" North American. Romans 9:1-3

January 26th in our beloved Costa Rica we will hold a large meeting, where through the word and testimony we will challenge our "Tico" brothers and sisters to become prayer warriors and soul winners to win their country to Christ.

We anticipate seeing hundreds of our children in the Lord, who so many years ago accepted Christ in our "Upper Room". Our meeting is being sponsored by the Ministerial Alliance, a television station, and Christians Sharing Christ-Costa Rica. We have dedicated funds to advertise this meeting in the hope we can impact Costa Rica for Christ.

Five days later, on January 31, we will hold the same type of meeting in Huehuetenango, for several thousand Guatemalan Christians. Our hope is that God, in this area, will begin the second true revival in the history of Latin America. When a true revival again comes to Latin America, millions will come to Christ.

Please pray for:
