

Dear Friends, and Loved Ones,

Wednesday April 8th, 2009

**WE WILL EVENTUALLY BE
MINISTERING TO THEIR PEOPLE**

**TODOS SANTOS PASTORS IN
WHOSE CHURCHES WE WOULD
HAVE BEEN ON THIS TRIP**

Looking back on our last trip, we can see that God began a new dimension in our ministry. The impact of His message was greater and the results were greater. We sensed more the urgency of the hour as we looked at the 5-year pact with God, ending next Monday, and understood more profoundly this world's time of financial difficulty.

We had expected to leave tomorrow for a physically demanding trip to many towns and villages in the mountains of Guatemala. We were anticipating great blessing, however due to lack of funds, this is the first trip in two years we have had to cancel.

Our dear friends in Guatemala have assured us that they will reschedule all of the canceled meetings for "when we can get there". Opportunities in other countries will also have to wait until God provides airfare.

All are suffering financially in one way or another during this time of economic difficulty. We have taken this in stride and are asking God to give us understanding of His will for our lives and ministry.

We know God has given us a message and a testimony that in any language is edifying to the body of Christ. We are exploring before God the possibility of preaching and sharing morning, noon or night, seven days a week in churches, homes, or wherever He leads us here in the U.S. Until God provides a way to again reach Latin America, we will be at peace redeeming the time here in our own country.

Our message is and will continue to be:

- **Love** Christ with all your heart; live in obedience and holiness before Him;
- **Allow** God to use you to win many to Christ; and
- **Understand** that in these last days, God wants to send a great awakening or revival.

Now that the "almighty dollar" is losing its value, many are finally looking to our All Mighty, Heavenly Father, for purpose of life.

Airfare in the United States seems to be at an all time low (less than half the cost of trips to Latin America).
