Judy and I are home from a very busy trip to Costa Rica and Guatemala. Every trip we make, we try to do too much in the shortest period of time so we can be the best stewards of the money God provides. During the last days of this trip, God made us rest and we had to turn down many opportunities to preach.

Let me again attempt to explain why we are compelled to teach and preach about "real" revival.

Today in Latin America, four people accept Christ ("new birth") for every baby that is born. However to win all of Latin America to Christ, we would have to do the impossible. For nearly 10 years we would have to win 28 people to Christ for every child that is born.

There have been revivals throughout the world where literally millions came to Christ in short periods of time. Revival began in the US in 1858 in the life of one man. Within 90 days, 14,000 businessmen and women in New York, Philadelphia, and Chicago had joined with this man to pray that God would visit America. Each and every day these 14,000 cried out to their Lord to bring revival to America. God answered their concert of prayer resulting in a million people accepting Christ. This same revival then spread to Great Britain, where in 1859 another million accepted Christ. Revival did not stop there, but spread to Africa, India, and even the Islands of the Pacific.

With all of my heart, I believe that when revival begins in just one country in Latin America, it will spread to Chile in the south and then all the way to Alaska in the north.

All of the above to say that our efforts to see revival in Latin America can result in revival coming to the United States!

Rigo accompanied me during the four days of this trip in Costa Rica. We were blessed to speak in a church on the Peninsula of Nicoya where both the pastor and his wife know the power of prayer. Their church has a two-hour prayer meeting in the middle of the night and a two-hour prayer meeting at noon each day. I was blessed to preach in this church. They believe that God will visit their church and then all of their country. This group of Christians are no longer seeking "blessings" but are seeking "He who blesses"!

Judy and I then met in the airport of Guatemala City to make the long trip up the mountain road to Huehuetenango, where in less than 15 hours, I preached two lengthy messages on revival to a total of almost 4,000 Christians from all over that region of the country. On another day, at 7:00 in the morning, I spoke to a group of Drs. and businessmen, about revival; that afternoon, I spoke to the student body of a Bible Institute about revival, and again that evening, I preached to a church about the possibility of their seeing revival come to their church and to their country. All of that to say, we do not let the dust settle, when we have the opportunities to tell of our Lord's love.

My message is a challenge for each individual to "fall in love" with our Lord, and then to ask Him to bless their own lives with His presence and to begin the same revival in their church, country, and all of the Americas.

## WHERE DO WE GO FROM HERE?

In 10 days, because of finances, I will travel without Judy to Costa Rica to speak to a large group of Pastors; then to several hundred Christians in a city gymnasium, then in the largest church in Puntarenas, followed by a one-hour television appearance which will be seen in 31 countries.

God continues to burden my heart to go to Soloma, Guatemala. You may recall that several months ago, He stirred our hearts to go to this community, which is in the middle of the mountainous and rural area of Guatemala. For some reason, GOD did not provide the funds in time to make that trip. Now, once again, He is showing us very clearly, that He wants us to make that arduous and painful 8-hour trip by car to preach, for as long as He wills, in that area. Flying by small airplane would be ideal, but this is additional expense we cannot afford.

There are many who have offered to drive us up the mountain, and to stay with us as long as God would have us stay. Why is Soloma SO IMPORTANT? The only revival recorded in the history of Latin America occurred in this region of Guatemala in 1932. With a few exceptions, historically, great revivals have begun in rural areas, and have then spread to the cities. A year ago, I taught 450 pastors from this same area about revival. Now God is leading me to speak to the members of the churches (many are illiterate) about them beginning to pray fervently that another revival will come to their country--one that will spread north to the U. S., south to Chile, east to Europe and Africa, and west to China, Korea, etc.

You cannot know, nor can we effectively communicate, how our hearts ache to return to Guatemala to preach until revival again comes to that country and all of Latin America.

### **PRAYER NEEDS:**

- On Saturday, the 29th of August, we will hold a 4-hour meeting in the gymnasium of the small city in Costa Rica that is the only city in all of Latin America known for the prostitution of large numbers of young girls. PRAY that the demonic walls of this city will come tumbling down. Revival will not come to Costa Rica until this horrible sin is removed from their country forever.
- OH!, PLEASE JOIN US IN PRAYING THAT GOD WILL BEGIN A GREAT REVIVAL IN LATIN AMERICA AND THAT MILLIONS WILL COME TO LOVE OUR JESUS!
- WE feel like Paul must have felt, with the Macedonian call. GOD WANTS US IN THE MOUNTAINS OF GUATEMALA SOON. Please join us in praying that HE will lead us in "how" and "when" to get there.
- PRAY for the other meetings in Costa Rica mentioned above.
- PLEASE PRAY for our pain and health issues.
- Pray that HE will provide necessary funds for us to travel and to do HIS will. HE must provide when it is HE who calls us to do anything.

We love and appreciate each of you for your prayers, your financial support, and for your messages of encouragement.
